

IMPORTANT QUESTIONS TO ASK YOUR POTENTIAL WEDDING PHOTOGRAPHER

Before you hire a wedding photographer, make sure you have all your bases covered and they are going to take care of you on your wedding day. Here's a checklist to go over with them so you can know what to expect!

- How long have you been shooting weddings?
- What all is included in your wedding packages?
- Will you be my actual photographer, or will an associate be shooting my wedding?
- What is your backup plan if you are sick or have an emergency?
- How do you make sure that my photos don't get damaged or lost?
- When will we get to see the photos after the wedding? How will they be delivered?
- Are you comfortable shooting in low light?
- Do I get access to the digital final images?
- Can I share with family and friends or do you have restrictions?
- Do you have backup equipment?
- Do you have to travel for our wedding? If so, what are your travel rates?
- What are your fees if the night runs long and we want you to stick around?
- Do you offer a second shooter option?
